

Who is Surfrider?

The Surfrider Foundation is a non-profit grassroots organization dedicated to the protection and enjoyment of our world's ocean, waves and beaches.

Surfrider Foundation's Chapter Network

ENVIRONMENTAL INITIATIVES

**OCEAN
PROTECTION**

**COASTAL
PRESERVATION**

**CLEAN
WATER**

**BEACH
ACCESS**

**PLASTIC
POLLUTION**

Clean Water Initiative

To protect water quality in local waterways and reduce ocean pollution so it is safe to surf, swim and play in the ocean

BLUE WATER TASK FORCE

Surfrider's volunteer water testing program.

For over 20 years, BWTF citizen scientists have provided critical water quality information to protect public health at the beach, raise awareness of local pollution problems and to bring together communities to implement solutions.

Pollution Puts Public Health at Risk at the Beach

- Stormwater & Urban Runoff
 - #1 Source of Beach Closures & Advisories
- Over 20,000 beach closures & swim advisories are issued every year in US to protect against illness.
- Solutions are land-based. More holistic management of landscapes and water resources needed to address stormwater runoff.
